GERMAN CLEAN AND CARE

Instructions for use for shoe care

Leather Guard Eco

1. clean shoes
2. Shake bottle well
3. Apply evenly to dry or damp shoes
4. Leave to dry for 12 - 24 hours

★ Note: Particularly suitable for suede and nubuck leather.

If the water repellency is not enough, Leather Guard Eco with Shoe Guard Eco or Shoe Guard Pro-X can be combined.

When using, please observe the safety instructions on the product label!
