

Instructions for use

Textile Guard Pro

1. Shake product before use and pour into spray bottle
2. Spray clean, damp clothing evenly and thinly
3. Rub the impregnation evenly into the fabric with a sponge/cloth
4. Allow clothes to dry for 12-24 hours

Tip:

- Wash clothing beforehand, otherwise dirt will be permanently impregnated
- Even rubbing prevents staining
- Best result when drying in a dryer at 60 degrees
- When drying on a clothes hanger, put cardboard underneath
