Instructions for washing

Down Wash Eco

1. Load the washing machine with a maximum of 1.5 kg of laundry
Program: Delicate / wool wash program
30⁰-40⁰ degrees, max. 600 rpm spin speed
2. Dosage for washing machine: use 30 ml Down Wash Eco.
(a cap)
3. If possible, activate the "Water Plus" button
4. Dosage for hand washing: use 30 ml in 10 liters of water

★ Observe the manufacturer's sewn-in washing instructions! tear and Close Velcro fasteners.

Drying : Dry down laundry in the dryer with tennis balls at max. 30⁰ - 60⁰ degrees and then allow to air out for about 1 hour. Ensure that no residual moisture remains in the laundry. For larger pieces (sleeping bag/blanket etc.) repeat the process in the dryer up to 3 times.

When using, please observe the safety instructions on the product label!
