GERMAN CLEAN AND CARE

## Instructions for washing

### Travel Soap Eco

1. Highly concentrated, a few drops are enough
2. Suitable for body & hair, dishes or laundry.

Functional underwear, merino wool products, Socks and the like can be washed with Travel Soap Eco. Due to the large proportion of skin care ingredients such as However, we do not recommend it for panthenol, vitamins and oils the washing of membrane clothing (hard or soft shells ).

Ideally, Travel Soap Eco should not be in standing waters are applied. Travel soap Eco builds itself in soil faster than in water. Recommended application at a lake: get your body wet in the lake, on land with Lather Travel Soap Eco and rinse with water there as well.

3. Completely degrades in nature within 30 days
4. Foams little

**When using, please observe the safety instructions on the product label!**
