GERMAN CLEAN AND CARE

Washing Instructions

Down Wash

1. Load the washing machine with a maximum of 1.5 kg of laundry
Program: Delicate / Wool cycle
30⁰ – 40⁰ degrees, max. 600 rpm spin speed
 2. Dosage for washing machine: Use 30 ml of Down Wash.
(one capful)
 3. If possible, press the “Water Plus” button
 4. Dosage for hand washing: Use 30 ml per 10 liters of water
- ★ Follow the manufacturer’s sewn-in washing instructions! Close any zippers and Velcro fasteners.

Drying: Dry down items in the dryer with tennis balls at a maximum of 30⁰ – 60⁰ degrees, then let them air out for about 1 hour. Ensure that no residual moisture remains in the items. For larger items (sleeping bags, blankets, etc.), repeat the process in the dryer up to 3 times.

When using the product, please follow the safety instructions on the product label!
